'A NIGHT AT THE AIRPORT' 2DIN FAMILY CAMP

A perfect bonding and learning experience for families, this overnight camp is packed with fun and educational activities! Enjoy exclusive access to behind-the-scenes airport experiences, play the day away at Jewel's attractions and expand their creativity and critical thinking skills through a Design Thinking workshop.

After a fun-filled day, look forward to bonding with your loved ones over games and enjoy a magical sleepover in tents within the digital attraction. Suitable for families with children of at least 6 years-old.

PROGRAMME HIGHLIGHTS

Magical Sleepover

Always wanted to camp in a tent? Fulfil that dream with a magical sleepover in tents in the air-conditioned comfort of Changi Experience Studio. Sleep amid the studio's picturesque game stations and event areas and play till you drop! Or after a fun-filled day of activities around the airport, choose to relax and wind down over family board games before drifting off to sweet dreams in your cosy tent.

Airport Emergency Service Experience: Up Close with Changi's Firefighters & Vehicles*

Did you know that Changi Airport is protected round the clock by its own team of firefighters? Learn about Changi's Airport Emergency Service through different interactive activity stations and hear from our fire-fighters what it takes to be emergency-prepared to keep the airport safe. Get onboard AES' fleet of swanky vehicles and see their tools on display, don fire-fighting suits for photo opportunities, try rescuing passengers in the dark and even pick up basic fire-fighting life skills through activities!

*Also available as a standalone activity

Exclusive Changi Nursery Tour

Did you know that Changi Airport has its own nursery? Learn about the wonder of flora through an exclusive behind-the-scenes visit to the airport's nursery and see first-hand how the airport's Horticulture team tends to the plants that adorn the themed gardens in Changi Airport. Taking inspiration from Terminal 3's iconic Green Wall, create your own mini Green Wall to bring home and nurture! A most refreshing educational experience for 'town mouses'!

Design Thinking Workshop

Ever wondered why there are gardens and playgrounds at Changi Airport? Were you ever lost when you're here? Dive into the world of design thinking at this thought-intriguing workshop! Through fun activities, the young minds will learn the key elements of design thinking and apply their new-found skills by imagining and creating an airport of the future! Along the way, they will appreciate the importance of user-centricity and empathy in the design process. While the kids work their minds, parents can enjoy afternoon tea at Changi Lounge!

Plus, additional package inclusions worth over \$200:

- 3-month unlimited entry tickets to Changi Experience Studio (worth \$38)
- Canopy Park tickets
- Exclusive Airport Emergency Service Officer plushie (worth \$12.90)
